

4th Grade Summer Packet

- Complete the four “Math Minute” pages to the best of your ability.

- Complete the four multiplication and four division facts sheets (one for each week of summer). For each one, ask a parent/adult to set a timer for 5 minutes and answer as many questions as you can on your own. Stop when the timer goes off.

- Read any one book below. Circle the book that you choose and complete the attached book report. All books listed are within the 4th grade reading level, but I have indicated whether they are within the lower (L), medium (M) or higher (H) ranges. Please help your child select a book within their comfort level.
 - The One and Only Ivan by Katherine Applegate (L)
 - How to Eat Fried Worms by Thomas Rockwell (M)
 - Charlotte's Web by E. B. White (M)
 - Shiloh by Phyllis Reynolds (M)
 - Sounder by William H. Armstrong (H)
 - The Incredible Journey by Sheila Burnford (H)

- Read one book of the student’s choice, but must be at least a 3.5 AR level unless noted by third grade teacher. Students are to neatly draw a color a picture of their favorite scene from the book on the attached sheet. They will share it with the class.

I have completed all the above work.

I have checked to ensure my child has completed the assigned summer work.
