

Summer Work

Khan Academy - Get Ready for 8th Grade

Students,

Your summer work this year will be watching videos and taking mini-assessments at Khan Academy. I have assigned the work at khanacademy.org for you to complete throughout the summer. Attached to this letter, you will find a printed list of assignments. The yellow spaces are for recording scores and parent initials. To access your assignments, follow the directions on the back of this page.

UNDER NO CIRCUMSTANCES are you to create a second khanacademy.org account at any point this summer. If you forget your login information, email me at kquinby@saintrose.org and I will reset your password and send that and your username to you.

Remember, I will be able to see your progress throughout the summer. Please do not wait until the last minute to begin these assignments. Make a plan for completing the work, taking into account already-scheduled time that you will be away from home. Go through the assignments in order, and have your parents initial when you have watched the videos and completed the exercises. Be sure to write the raw score (number of points) you received on each exercise in the appropriate box on the sheet (you may complete the exercises as many times as you wish to improve your score. - record your highest score.) **BEWARE: Khan Academy does not count a video as "completed" unless you watch to the very end. DO NOT stop the video or leave it before the video stops on its own - otherwise, I can't give you credit for watching a video.** You are always able to see which videos you have watched and the scores on your exercises from your student dashboard.

The completed spreadsheet is due on the first full day of class (August 12) and will count as your first **test** grade, based on completion. (I will be cross-checking the paper with the information I can see at the website on my teacher dashboard.) There will be a **quiz** over the summer work during the first week of school.

If you begin early, you will not have to fret about getting everything done. You can do this the hard/easy way (buckle down, start early, stay steady, be done and have nothing left to do for the couple of weeks before school starts), or the easy/hard way (forget about the work till the last minute, panic, spend several days at the end of your summer doing nothing but math.) Make the right choice.

Enjoy your summer, and I will see you in August!

Mrs. Quinby

Khan Academy Instructions:

For students who previously attended St. Rose:

I have already put you into the appropriate class at Khan Academy. All you have to do is:

- 1) Go to khanacademy.org/login
- 2) Log in with your school login information.
- 3) Begin the assignments listed under “My Assignments.”

My school login: _____

My school password: _____

For new-to-St. Rose students:

- 1) Go to khanacademy.org/join
- 2) Enter the class code that is at the top of the spreadsheet **in red**.
- 3) Create an account, being sure to use a name that I can attach to you.
- 4) Begin the assignments.
